

CALEB PRINCEWILL NWOKOCHA

Address: 139 Laval Dr, Winnipeg, MB R3T 2X9

Phone: 204-515-9977

website: [TODO: Put link to website here]

23 years old undergraduate student interested in web and mobile software. Looking for Human Computer Interface Developer work where I would gain industry experience in web or mobile software development while earning money to pay my tuition.

RECENT PROJECTS

- [TODO: Put web project here xx
xx
xx]
- FoodFight Android application was team project of Software Design and Development course.
We implemented Model View Presenter (MVP) design pattern in the application architecture and added functionalities that helps users track their daily/weekly calories and goals. The main objective of this project was to learn and practice collaboration in software development.

DEVELOPMENT TOOLS

Microsoft office (Word, Excel, PowerPoint, Visio, Teams), Zoom, MobaXterm, FileZilla, Git, GitHub, Java, IntelliJ, Android Studio, Python, Thonny, JavaScript, React.js, APIs, JSON, AJAX, CSS, HTML, Visual Studio Code, Linux, etc.

PRACTICAL SKILLS

Interpersonal communication, professional-level oral and written English, individual and cooperative problem solving, Software Development Life Cycle (SDLC), general Information Technology (IT) support.
